The District further agrees to transmit said deductions bi-weekly to the Civil Service Employees Association, 143 Washington Ave., Albany, NY 12228 by check payable to the aforementioned Association and/or to the appropriate insurance corporation designated by such Association.
- B. Membership in the Association shall be voluntary and the District agrees that there shall be no discrimination, interference, restraint, or coercion by the District or any of its agents against any employee because of his membership in the Association or because of any lawful activities on behalf of the Association and its fellow members.

Strikes

No public employee or Association shall engage in a strike and no public employee or Association shall cause, instigate, encourage, or condone a strike.

ARTICLE V

Salaries and Wages

- A. 1. 2004-2005 School Year: Each unit member who returns to service on July 1, 2004 (or on the first day of school in September, 2004) will receive an increase of 4% per hour (including any step movement on the matrix) in the unit member's 2003-04 hourly rate or salary, whichever applies.

•Starting rates are to be frozen at the 2003-04 rates.

2. 2005-06 School Year: Each unit member who returns to service on July 1, 2005 (or on the first day of school in September, 2005) will receive an increase of 4.00% per hour (including any step movement on the matrix) in the unit member's 2004-2005 hourly rate or salary, whichever applies.

If, as of December 31, 2005, fifty percent (50%) of the eligible active unit members enrolled in the District's health care plan (measured as of May 24, 2005) change health care enrollment and enroll in the Blue Point 2 Select Non-Monroe Plan, then the District agrees to pay to each unit member an increase of 4.25% for the 2005-06 school year rather than the 4% raise.

For information purposes: the District notes that the current health care plan population for this unit is as follows:

| | |
|-----------------|----|
| Family Plans: | 64 |
| 2-Person Plans: | 36 |
| Single Plans: | 41 |

So, in order to attain the 4.25% raise for this school year, 32 unit members taking a family plan need to enroll in the Blue Point 2 Select Plan by December 31, 2005; 18 unit members taking a 2-person plan need to enroll in the Blue Point 2 Select Plan; and 21 unit members taking a single plan need to enroll in the Blue Point 2 Select Plan by December 31, 2005.

•Starting rates are to increase by 3.25% per hour at step I of the matrix.

Bus Drivers: An additional \$6,750 will be distributed to the bus drivers by dividing up this amount of money and distributing it in the hourly rate paid to each bus driver, equally in addition to the wage increase.

Typists and other Clerical Employees: Each is to receive \$250 in addition to the wage increase. This money is to be put into the employee's base rate of pay.

3. 2006-07 School Year: Each unit member who returns to service on July 1, 2006 (or on the first day of school in September, 2006) will receive an increase of 4.0% per hour (including any step movement on the matrix) in the unit member's 2005-06 hourly rate or salary, whichever applies.

If, as of December 31, 2006, fifty percent (50%) of the eligible active unit members enrolled in the District's health care plan (measured as of May 24, 2005) have changed health care enrollment and have or remained enrolled in the Blue Point 2 Select Non-Monroe Plan, then the District agrees to pay to each unit member an increase of 4.25% for the 2006-07 school year rather than the 4% raise.

For information purposes: the District notes that the current health care plan population for this unit is as follows:

| | |
|-----------------|-----|
| Family Plans: | 64 |
| 2-Person Plans: | 36 |
| Single Plans: | 41. |

•Starting rates are to increase by 3.25% per hour at step I of the matrix.

4. No employee shall be advanced on the matrix in the Appendix beyond Step 5A.

B. Starting Rates of Pay:

The District may pay a new employee in maintenance positions, teaching assistants, and home school advisor more than the starting rate and up to step 5A of the wage/salary matrix due to the employee's experience.

C. Shift Differential

1. Any employee working the major portion of his hours between 6:00 p.m. - 6:00 a.m. daily, shall receive a night shift differential of \$600.00 annually.
2. During vacation periods, those individuals receiving night shift differential shall work nights on those nights when events are scheduled in their building, providing the event is scheduled on the employee's regularly scheduled work day.

D. Longevity

1. Effective July 1, 2004 the salary increments for longevity purposes are included for all full-time employees of the District as follows:

| | |
|-----------|-------|
| 10 years: | \$400 |
| 15 years: | \$500 |
| 20 years: | \$600 |
| 25 years: | \$700 |

Each full time 10-month, 11-month or 12-month employee shall receive the full amount without prorating the amount on the basis of, for example, 10/12ths of this amount.

The method of computation is as has been paid in the past; for example, a full-time 15-year employee obtains \$500 for service beyond 15 years, not \$900.

2. Salary increments for longevity purposes for employees working less than full time are pro-rated on the basis of the ratio of each employee's standard work schedule to full time:

Example: Employees working 20 hours/week, 12 months, after 10 years would earn, \$200.00; after 15 years, \$250.00; and after 20 years, \$300.00.

3. Longevity payments will be initiated on the employees anniversary date and will be pro-rated over the year on a per pay period basis.

Effective with the start of the 2006-07 school year the longevity payments will become part of the unit employee's total base wages. For example, if during the 2006-07 school year the employee has been employed for 15 years, s/he will have the \$500 stipend become part of his/her total wages on which a negotiated percentage increase would apply.

- E. Substitutes shall be paid the rate set by the District.

F. Mileage Reimbursement

Unit employees who are required to use personal vehicles for school district business shall be reimbursed at the current US Internal Revenue Service rate per mile upon submission of the requested reimbursement on the appropriate District form.

G. Nurse Issues

The District agrees to reimburse each school nurse for the cost of malpractice insurance up to \$200 per school year. The District will provide each school nurse with a lab coat once per school year.

H. Tax Sheltered Annuities

The District agrees to deduct from the paychecks of unit members who authorize payments to tax sheltered annuity vendors.

I. Head Start

The following Head Start workers receive a stipend of \$1,000 each school year the teaching assistants assigned to the program and the coordinator of family services.

ARTICLE VI

Special Working Conditions

A. Bus Drivers:

1. An allowance of fifteen (15) minutes will be included in each regularly scheduled bus driver's day prior to a.m., noon, or p.m. trips, for the purpose of performing thorough inspection of the vehicle the driver is scheduled to operate. (Thorough inspection shall follow a routine written procedure and shall be part of the driver's daily report.) Visual checks shall be performed as needed, at the driver's discretion.

2. Extra Trips

- a. There is established an extra trip rate which is to be set for each driver at the driver's regular rate of hourly pay, within a minimum hourly rate of \$9.74 per hour and a maximum hourly rate of no more than \$14.00 per hour for the life of this Agreement. For 2005-06 the rates are: minimum of \$10.13 and maximum of \$14.56. For 2006-07 the rates are: minimum of \$10.54 and maximum of \$15.14. These rates are not retroactive.
- b. The extra trip rate would apply to waiting time while on an extra trip.
- c. There is established an extra trip minimum "call in" of 1.5 hours, however, the minimum "call in" does not apply where an extra trip extends a regular run for the driver. In those cases where a scheduled extra trip has been canceled and the driver is prevented from completing his/her regular run, the driver is to receive his/her normal hourly rate of pay for that period of time he/she would have normally worked on that day.
- d. Bus Drivers Waiting Time: Extra trips: All drivers hired since July 1, 1986 will receive the equivalent of step 1 for waiting time.

Waiting time will be the time between the end of a regular run and the beginning of an extra trip. This time will apply only when an extra trip is to start within 1/2 hour of the end of the regular run.

Waiting time clause is not intended to have an effect on overtime payment for driving time in excess of eight (8) hour per day or forty (40) hour per week.

3. Necessary meals are reimbursable up to \$8.00 each, for a driver required to be away from home all day or leave before 5:00 p.m. and return at 7:00 p.m. or after. Receipts must be obtained from the restaurant serving the driver.
4. Drivers who successfully complete an accredited bus drivers training course at the request (or upon approval) of the District, will be paid at the minimum driver rate for hours of attendance.
5. All Regular Bus Drivers will clean and wash the bus they are normally assigned to drive. Busses shall be cleaned in accordance with good practice and as weather conditions demand. An annual allowance of \$250.00 (effective July 1, 1990) will be provided. The \$250 allowance will be paid in the final paycheck for the school year.
6. The District agrees to provide bus drivers with protective type of over-garment to protect bus drivers' clothes while fueling and checking oil and other liquids.

7. Extra Trips

- a. Extra trips will be scheduled on the basis of a rotating list of bus drivers to be maintained by the District.
- b. At the beginning of each school year, the list shall be prepared on the basis

of seniority. As extra trips become available, they will first be offered on the basis of seniority to bus drivers. Once a driver has been offered the opportunity of an extra trip, the driver will be rotated to the bottom of the list. The driver will then be eligible for another extra trip when the driver again reaches the top of the list.

- c. Bus Mechanics who are also qualified as drivers may be included on the list for extra trips at their request. Those Mechanics who qualify for the list shall then be eligible for extra bus trips provided such driving duties do not conflict with their Mechanic's duties as assigned by the District.

8. Automotive Mechanics and Head Automotive Mechanic Uniforms.

The District shall pay the cost of existing uniform service for the Head Automotive Mechanic and Mechanic.

B. Cafeteria Workers:

1. During periods of reduced cafeteria operation in any location, cafeteria employees in that location will be scheduled in such a manner as to divide the available work equally, to the extent practical.
2. All Cafeteria workers will receive an initial uniform allowance of \$100.00 which must have a purchase order from the business office. This allowance will be granted during the first year of employment to all cafeteria employees who are permanent in the cafeteria. The employee must present proof of purchase to the School Lunch Manager as to the disposition of these funds. The only acceptable items to be purchased with these funds are uniforms and shoes.

Effective September 1, 2005, the clothing allowance for cook and cook manager is to go to \$150 per year.

After the first year of employment, all permanent cafeteria employees are subject to the following:

- If the employee works four (4) hours or less on a regular basis, the employee may receive up to \$100 per year for uniform and shoe replacement costs upon submission of proof of the actual cost incurred;
 - If the employee works more than four (4) hours on a regular basis, the employee may receive up to \$125 per year for uniform and shoe replacement costs upon submission of proof of the actual cost incurred.
 - If employment terminates in less than six (6) months after the start of the school year in which an allowance has been given, the allowance paid for that year will be deducted from the person's final paycheck.
3. All Cafeteria workers called to work functions outside the regular school day shall receive one and one half times their regular hourly rate for such duty.

C. General

- a. Each employee covered under this contract who are assigned to work on a temporary basis to a job that pays more per hour than the employee's rate of pay; then in that case the employee will receive a temporary raise in pay rate as follows:

- i. Food Service Helper 1 working for a Food Service Helper 2: \$.25 per hour
- ii. Food Service Helper 2 working for a Cook: \$.25 per hour
- iii. Cook working for a Cook Manager: \$.25 per hour
- iv. Food Service Helper 1 working for a Cook: \$.50 per hour
- v. Custodial and Maintenance: \$1.00 per hour
- vi. Cleaner working for Head Custodian: \$2.00 per hour

The parties have agreed to institute fixed rates of pay for situations where a cleaner is assigned to do the work of a custodian; where a custodian is assigned to do the work of a head custodian; where a food service worker 1 is assigned to do the work of a food service worker II; where a food service worker II is assigned to do the work of a cook and where a cook is assigned to do the work of a cook manager.

- b. In the case of hourly employees, day to day substitute situations will be allowed only when the substitution results in at least an additional one half (1/2) hour of employment for the substitute.

D. Ten Month Employees

Any ten (10) month employees required to work in their regular job assignment before or after the regular school year working period will be afforded all normal benefits accruing to that position.

E. Maintenance and Custodial Employees

1. All maintenance employees, custodians and cleaners will be supplied with work uniforms, which will be cleaned and maintained by the employer. When maintenance and groundskeeper attain permanent status each is to be issued one (1) set of winter coveralls. Effective with the 2005-06 school year, each maintenance mechanic, head custodian, building maintenance worker and groundskeeper will receive \$100 per year for coverall and outerwear allowance with proof of purchase. No shorts to be worn on job.
2. Overtime shall be distributed according to a seniority roster, insofar as duty requirements allow.

F. Clerical Employees

All full time clerical employees including typists, stenographers, and account clerks scheduled to work the months of July and August shall work a seven (7) hour work day during those months only.

ARTICLE VII

Emergency Closing Days

A. Emergency Closing Days

1. First, Second and Third Emergency Closing Day in the school year (effective July 1, 2005).
 - a. When school is closed to students for an emergency as declared by the Superintendent, each unit employee shall be paid for the day and, in addition, each employee who is required to work on this day will receive one (1) compensatory vacation day.
 - b. Emergency closing days which fall within the unit member's approved vacation period shall not be considered as the compensatory vacation day, but shall be considered as part of the approved vacation period.
2. Fourth and following Emergency Closing Day in the school year.
 - a. Ten (10) month employees will not report to work and will not be compensated for the day. They may elect to charge the day to accrued personal or compensatory time.
 - b. Eleven (11) and twelve (12) month employees are to report to work and will receive the regular pay for the time worked (i.e. there will not be compensatory vacation time awarded for the third and following emergency closing day). If travel to work is unsafe, employees must immediately inform their supervisor prior to normal arrival time at work. A unit employee who cannot report to work at the regular starting time should try to get to work as soon as reasonably possible, and the employee will be compensated for the actual hours worked. If, due to the weather, an 11 or 12 month employee is not able to get to work, the employee may request that the time lost be treated as accrued personal, compensatory or vacation time.

B. Delayed Starting Time

On those work days when the normal starting time for school for students is delayed due to poor weather or other emergency reasons, unit employees who have no direct student responsibilities will report to work at the regular starting time, unless notified differently by their supervisor or unless prevented from coming to work because law enforcement has closed the roads. During delay, these employees may use compensatory time, personal leave or vacation leave. Nurses should report to work during delays.

Because the weather or the roads may improve over the course of the workday and because work is generally available for those with no direct student responsibilities, when a unit employee with no direct student responsibilities is not able to report to work at the regular starting time due to the bad weather or road conditions, the employee should try to get to work as soon as reasonably possible thereafter.

In all cases, except where the employee has been directed specifically not to come to work, the employee will be paid for the actual hours worked during a delayed starting

time.

Unit employees who have direct student responsibilities are not required to come to work during the period of the delay, but are to report when the delay has ended. During delay, these unit employees with direct student responsibilities (e.g. teaching assistants, some teacher aides, cashiers in cafeteria for breakfast) may use compensatory time or personal leave.

Should the delay turn into an emergency school closing the provisions of Section A. above will apply.

C. Early Dismissal of Students

In situations where the Superintendent (or designee) declares that there is to be an early dismissal of students, those unit employees scheduled for evening work are to report at the regularly scheduled time or as otherwise assigned by their supervisor. For example, the supervisor may direct all staff to report during the day shift times.

ARTICLE VIII
Hours of Work - Work Week - Overtime
- Compensatory Time

- A. Hours of work and the work week shall be determined by the Facilities Manager, Transportation Supervisor, or School Lunch Manager together with the Building Principal according to a prepared schedule which shall not include more than forty (40) hours in any work week, except as required to maintain the normal operations or in the case of any emergency.

Except for emergency needs (such as snow removal and other emergency considerations) the District will provide a two (2) calendar weeks notice with regard to changes in the regular working hours of unit employees. This notice provision will not apply to work during the summer months.

All overtime must be authorized by the Facilities Manager, Transportation Supervisor, or School Lunch Manager or the Building Principal.

- B. The District agrees to pay time and one half of the employees' regular straight time rate for all hours worked in excess of any eight (8) hour day or forty (40) hour work week. Holidays not worked shall be considered a day of work for the purpose of computing salary.
- C. To the extent permitted by law, in lieu of overtime pay provided in Section B above, an employee may elect to take compensatory time off. An employee can accumulate seventy-five (75) straight time hours of compensatory time. All such compensatory time off shall also be at a rate of time and one half for each hour of overtime work required by the District.

Compensatory time off shall be taken at times mutually convenient to the District and the employee.

All authorized compensatory time except for one week (one week equals 40 hours) must be used by the end of the fiscal year (i.e. June 30th) in which the compensatory time was earned. If the unit member has more than 40 hours to his/her credit on June 30th, the District will pay out the value of this compensatory time as of its value on June 30th. Should the unit member have authorized and unused compensatory time consisting of time of up to one week at the conclusion of the fiscal year, the unit member must use this unused time within sixty (60) calendar days after the close of the fiscal year (i.e. by August 29th). If after August 29th there is any compensatory time from the prior fiscal year to the credit of any unit member this time will be computed at a value as of June 30th of the prior fiscal year and paid out to the unit member.

Employees regularly assigned as the sole custodian of the building shall not have the option to elect compensatory time in lieu of overtime pay.

- D. When a regular twelve (12) month unit member is called out to serve in a non-scheduled or emergency situation, the assignment will be for no less than two (2) consecutive hours of duty, unless otherwise stated in this Agreement.

ARTICLE IX

Retirement

- A. Effective July 1, 1984, all eligible employees will become members of the New York State Retirement System Section 75-i.
- B. To the extent permitted by Section 41-J of the New York State Retirement and Social Service Law, sick leave accumulated under the terms of this Agreement may be applied as additional service credit for an eligible unit member who chooses to retire.

ARTICLE X

Health Insurance

- A. Health Care Plan.
 - 1. Each unit employee who works twenty (20) or more hours per week is eligible for employer contributions to the District's health care program.
 - 2. In order to determine the eligibility for the health care program, a bus driver can add the times of the regular assigned runs to late bus runs. Eligibility in terms of meeting this 20 hours per week must be maintained to obtain this health care benefit.
 - 3. Each unit employee who works less than twenty (20) hours per week is eligible to join the District's health care program. The employee must pay the entire cost of such membership on the terms established by the District, which are generally that deductions from the employee's paycheck will be authorized when school is in session. The member will prepay by the first of the month when school is in summer recess.

- B. 1. The District will continue to offer a plan through the Non-Monroe County Municipal School District Plan (NMCMSDP) called the "Traditional Plan," which used to be called the "Rochester Plan," and includes the following:

3. For unit employees who work 20 hours or more hours per week who change from the Non Monroe County Traditional Plan to the Blue Point 2 Select Plan the District agrees to pay \$100 for the 2005-06 year if the change is made in that year; and the District agrees to pay \$100 to each employee who changes to the Blue Point 2 Select Plan during the 2006-07 school year or who remains in the Blue Point 2 Select Plan (who was previously in the Non Monroe Traditional Plan.).
- C. Effective no later than August 1, 1986, the employer will add the Blue Shield X-Ray Rider to both single and family contracts. Any increase in the Blue Shield X-Ray Rider above \$1.00 per month single and \$2.00 per month family, will be paid by the employee through payroll deduction.
- D. Employee Contribution.
1. For unit employees appointed on or after July 1, 2005, who are eligible for health insurance, which is paid for in part by the employer, the employee's contribution is to be 10% of the cost of the plan chosen and the school district's contribution is 90%.
2. For eligible unit employees who were hired before July 21, 1994, effective no later than November 1, 2005, the District agrees to pay ninety-five (95%) percent of the cost of a single, two-person (if offered), family no spouse (if offered) and family health care plan and the employee is to pay five percent (5%) of the cost of the plan. For the 2004-05 school year, the District paid the total cost of health insurance for this group of employees.

3. For eligible unit employees who were hired after July 21, 1994 and prior to July 1, 2005, the District agrees to pay ninety-five percent (95%) of the cost of a single, or two-person, or family or family no-spouse health care plan.
 4. Any eligible unit employee may change enrollment into the Blue Point 2 Select or into the Non Monroe Traditional Plan during an open enrollment period with no increase in the rates of employee/employer contribution. For example, an employee paying 5% and enrolled in the traditional Non-Monroe plan may, during an open enrollment period, switch to the Blue Point 2 Select plan and the employee's contribution rate will remain at the 5% rate.
- E. In order to be eligible for health insurance at retirement, the unit member must have worked ten (10) consecutive years for the Geneva City District.
- F. All employees hired on or after July 1, 1986, who subsequently retire from the school will be entitled to receive single health insurance coverage paid by the District.
- G. Health Insurance Premium-Flexible Spending Account
The unit employee's contributions, if any, to the cost of the health care program will be deducted from the participating employee's paycheck as a flexible spending account benefit resulting in pre-tax treatment to the extent permissible by law. This program shall be in full compliance with the US Internal Revenue Code and any pertinent Revenue Regulations. Any language in this Agreement which is not in compliance with the law and regulations is not effective to the extent that it is not in compliance.
- H. Flexible Spending Accounts - Medical Expenses and Dependent Child Care
The District agrees to offer flexible spending accounts in full accord with Federal and State laws and regulations under which unit employee can elect to contribute a portion of the unit members wages/salaries to accounts for unreimbursed medical expenses to a maximum of \$1,500 per plan year and for dependent child care to the maximum amounts allowed by law. The District agrees to pay the start up fee and the administrative costs. The District has the right to select a third party administrator or may choose to self-administer these accounts, but the Union will be consulted with regard to the administrator prior to selection.
- I. As the cost of providing health insurance is increasing, the District and the CSEA agree to form a committee to study the issue of health insurance for the purpose of finding a more economical way, if any, to provide health care to unit members or to the entire school district.

The District agrees to appoint two (2) persons to this committee and the CSEA agrees to appoint two (2) persons to this committee. The committee will review the existing plan and freely discuss options and alternatives trying to find a way to curb the cost of health care while maintaining the current eligibility of unit employees to join any such health care plan.

There is nothing that prevents this committee from also meeting with representatives of other stakeholders in the current health care plan to discuss the issues involved in the health care plan.

ARTICLE XI

- A. All employees shall accrue one (1) day of sick leave for every month of employment completed with the District during their first year of employment. Thereafter, sick leave days shall accrue at the start of each school year according to past practice. Unused sick leave days may, therefore, accumulate at a rate of 10, 11, or 12 days per year dependent upon the number of months of employment of each employee. The maximum accumulation of unused sick leave days shall be one hundred sixty five (165) days. For purposes of pay, a sick leave day shall be equivalent to the regularly scheduled work day of the employee involved at the employee's straight time hourly rate of pay.
- B. Regular part time employees shall be entitled to a pro-rated sick leave benefit based on the practice within the District.
- C. Sick leave days are provided so that employees will receive pay for absence only as the result of personal illness or injury except as otherwise provided in Section D. below.

The Superintendent of Schools or a designee may require a physician's statement verifying absences for illness or injury where the employee is absent for three (3) or more consecutive days or where a pattern of absences is demonstrated. - D. A total of ten (10) days of accumulated sick leave may be used in each school year for care of illness in the immediate family. In the case of a death in the immediate family, up to five (5) days of accumulated sick leave may be used for each such death. The Superintendent may, upon request and at his discretion, grant additional use of accumulated sick leave days for care of illness or death in the immediate family.
- E. Absences for sick leave which span an emergency closing day will be considered as sick leave. Absences for sick leave which start or terminate with the emergency closing day shall be considered as an emergency closing day.

An emergency closing day is a day during which school is not in session because of the hazards of a winter storm or other designated emergency.

- F. Sick leave taken by the employee as the result of an on-the-job injury shall be reinstated to the credit of the employee to the extent that the compensation carrier reimburses the employer for wages paid during the employee's absence from the job. This shall be computed by dividing the daily wages of the employee into the total reimbursement. The quotient shall equal the number of days sick leave credit to be reinstated. Less than one half day shall not be considered. More than one half day shall be credited as a full day. No more than the number of sick days applied to the absence because of the injury may be reinstated.

As a condition of receiving the advancement, the member shall execute a written authorization for such a deduction. The value of such days shall be calculated at the member's daily rate of pay at the time of separation or termination - i.e. 1/200th of the annual salary for a 10 month employees 1/220th's for 11 month employees and 1/260th's for 12 month employees.

ARTICLE XV

Only those Board-appointed employees that have successfully completed their initial probationary period may respond to the notice of vacancy for consideration of these non-competitive or labor class positions.

- C. If qualifications and abilities are equal, then an employee's seniority shall be the determining factor in filling non-competitive and labor class positions in the District. When considering seniority, an employee transferring from a former department to a new department must be in the new department for two years before the District will consider his or her seniority for purposes of a promotion within the new department.

D. Transfer of Employees:

When the decision is unacceptable to the employee, grievance procedures may be employed.
2. During the student calendar, a teacher aide will not be given a lateral transfer unless the transfer results in a minimum increase of one half hour daily. However, any teacher aide who has successfully completed the probationary period may apply during the summer recess period prior to August 31 for any vacant teacher aide positions for the following school year.

- E. Each unit employee who is promoted shall be paid an increase based upon the stated pay for the new position as increased by providing pay for the same years of experience as held in the former position; or an increase of at least five hundred (\$500) dollars per work year or twenty-five (\$.25) cents per hour more than currently paid, whichever is greater.

However, no employee so promoted can be paid at a rate that exceeds the rate of pay of a more senior employee, working in the same title.

A first year employee who is hired after January 1, will receive a pro-rata share of the five (5) days which pro-rata share may be taken after June 30th. This employee hired after January 1, must, in addition, complete a one-year cycle from July 1 to June 30 and will then be eligible for a one week, five (5) day vacation as though the employee had completed one year of employment in Section B below.

C. Vacation policy for support staff employees shall apply to eleven (11) month salaried employees and shall be as follows:

3. The first year employee shall be eligible for a full week of vacation if his date of employment is prior to January 1 and the employee may then take four (4) days after June 30. A first year employee who is hired after January 1, will receive a pro-rata share of the four (4) days which pro-rata share may be taken after June 30th. ARTICLE XIX

Grievance Procedure

- A. Under this Agreement a grievance is a dispute or controversy between an employee and the District arising out of the application or interpretation of this Agreement.
- B. Working days shall mean aggrieved employee's working day.
- C. Every grievance shall be settled in accordance with the following procedure:

Step 1

Grievance shall be presented orally by the aggrieved employee to his immediate supervisor with the right to be represented by his Association representative, and shall make such presentation within ten (10) working days from the date of knowledge of the cause or occurrence giving rise to the grievance. If discussion of the grievance with the immediate supervisor does not resolve the grievance within three (3) days after presentation thereof, then, the employee may within ten (10) days from the date of initial response, proceed to Step 2. If the employee does not present a written grievance at Step 2 within the ten (10) day limit, the grievance shall be deemed abandoned.

Step 2

Upon approval of the Association grievance committee, the aggrieved employee shall submit his signed written grievance to the Assistant Superintendent for Human Resources or that person having equivalent responsibility. Within ten (10) working days after receipt of a written grievance, the Assistant Superintendent for Human Resources shall convene a meeting between the aggrieved employee, with the right to have present an Association representative so authorized in writing and the Assistant Superintendent for Human Resources and/or other representatives of the District for the purpose of resolving the grievance. Five (5) days before the meeting the immediate supervisor shall give a written statement to the Assistant Superintendent for Human Resources relative to the written grievance. Not later than ten (10) working days following the date the meeting occurred, the Assistant Superintendent for

Human Resources will deliver to the aggrieved employee and to the Association Unit President his/her decision on the grievance in writing. If the decision does not resolve the grievance, the employee may, within ten (10) working days after receipt of the decision, proceed with Step 3. If the employee does not proceed to Step 3 within the ten (10) day limit, the grievance shall be deemed abandoned.

Step 3

Upon approval of the Association grievance committee, the aggrieved employee shall submit the written grievance to the Superintendent of Schools. Within ten (10) working days after receipt of the written grievance, the Superintendent shall convene a meeting with the aggrieved employee, the Association representative if he represents the employee, for the purpose of resolving the grievance. The Superintendent may make such investigations as he deems necessary. If the grievance is not resolved as a result of this meeting, then not later than ten (10) working days following the date the meeting occurred, the Superintendent will deliver to the aggrieved employee and the Association Unit President his decision on the grievance in writing.

Step 4

- a. If the CSEA determines that the grievance remains unresolved, it may file a written demand for arbitration upon the District Clerk within fifteen (15) working days after receipt of the Superintendent's decision at Step 3. If the CSEA does not proceed to arbitration within the fifteen (15) working day limit, the grievance shall be deemed abandoned.
- b. Within five (5) working days after such written notice of submission to arbitration, the Board of Education and the Association will agree to request a list of arbitrators from the American Arbitration Association. The parties will then be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator.
- c. The selected arbitrator will hear the matter promptly and will issue his/her decision in accordance with the rules of the American Arbitration Association or as otherwise agreed upon by the parties in any given case. The arbitrator's decision will be in writing and will set forth findings of fact, reasoning and conclusions on the issue(s) submitted to the arbitrator. The arbitrator has no power to modify, alter, add to or subtract from the provisions contained in the Agreement.
- d. The arbitrator shall have no power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this agreement.
- e. The decision of the arbitrator shall be final and binding.
- f. The costs of arbitration shall be shared equally by the parties to arbitration.

ARTICLE XX

Lay-Off, Recall

A.

1. In the event of a lay-off, displacement or recall from lay-off, seniority shall be defined as the continuous length of service since the last date of hire with the School District without regard to job classification. For lay-off purposes, an employee's seniority as defined above shall determine the order to be followed. For purposes of this Article, an employee's length of continuous service shall be calculated on the basis of the number of months such employee has been employed by the District since his or her date of hire.
2. For example: a ten (10) month employee with ten (10) years of service has 100 months of seniority credit; and, a twelve (12) month employee with ten (10) years of service has 120 months of seniority credit.
3. Layoffs, displacements, and recalls of employees shall then be accomplished in accordance with the procedures set forth in this Article on the basis of the total months of continuous service accrued by the employees covered under this agreement.

B.

1. When a layoff is to occur, job title positions are eliminated and the least senior employee(s) in that job title will be the first to be laid off. Any employee so laid off shall be able to displace an employee in a lower job title in which this laid off employee had previously served, or in a job title which is in a direct line of promotion, as established by the layoff units set forth in the appendix to this Agreement; provided however, that the employee who elects to displace another in a job title in which she/he had previously served must have more seniority (as defined as continuous length of service since the last date of hire with the District without refer to job classification) than the least senior employee in the job title and may only displace the least senior employee in that job category.
2. In the event that a teacher aide's job is abolished, the procedures in this Article apply, and in addition, the following will apply: In the event that e.g. a four (4) hour position is abolished, the person whose job is abolished, may, if she/he has more seniority displace the least senior four (4) hour teacher aide. The least senior four (4) hour person may in turn displace the least senior three (3) hour teacher aide if the four (4) hour aide has more seniority than the three (3) hour aide. The least senior three (3) hour aide may displace the least senior two (2) hour aide if the three (3) hour aide has more seniority than the two (2) hour aide. The least senior four (4) hour aide may not displace 2, two (2) hour aides nor may the least senior four (4) hour aide displace any three (3) hour aide. The proposal is made to clarify that the teacher aide whose position is abolished cannot displace anyone who works a greater number of hours and to clarify that teacher aide whose position is abolished can only bump the least senior teacher aide with the next fewer hours.
3. In the event that bus driver position(s) is abolished, the procedures in this Article apply, and, in addition, the following will apply: the bus driver whose position is abolished, may, if he/she has more seniority, displace that bus driver with less

seniority and who has a regular bus route with that number of hours closest to and less than the number of hours regularly worked by the bus driver whose position has been abolished. Applying this language, the District is to compute the bus driver's (i.e. the one whose position is abolished) seniority date and the hours bid for the route on the for the school year. Once these computations are done, the bus driver whose job was abolished may displace. Any regular bus driver who is bumped may then displace another bus driver with less seniority than he/she and who has a regular run bus route with that number of hours closest to and less than those worked by the bumping bus driver.

C.

1. Any employee who is laid off and displaces an employee in a lower title shall be slotted into the seniority list of the lower title in accordance with his or her seniority. Any further lay-off of an employee shall be in accordance with the seniority the employee has as provided in subdivision A. If an employee is recalled to the position into which he or she moved, because of the exercise of his or her displacement rights, the employee shall be allowed to use his or her seniority to prevent another lay-off. In the aforementioned instance, an employee shall not be forced to accept the recall to such position. The employee's refusal to accept the recall shall not prejudice his or her right to be recalled to the position from which he or she was originally laid off. Such employee shall retain his or her rights to that position. The employer shall recall employees to positions as provided in this subdivision B. An employee's seniority when laid off will be frozen at that level until the employee is recalled at which time the former employee's seniority will be retained.
2. An employee who is laid off and displaces an employee in a lower title shall be paid at a rate of pay in the lower title which is as equal as possible to the rate of pay he or she was receiving when the above events occurred. However, the employee shall not receive a rate of pay which is higher than the rate he or she received in the title from which such employee was laid off. An employee who is laid off and resumes his or her employment with the District following a recall to a title shall be placed on the step that he or she had achieved prior to the lay off in the category of the salary and hourly rate matrix that is in existence on the date he or she is recalled. Thereafter, the employee shall be provided all pay increases and/or steps which he or she is due. When an employee who is laid off continues his other employment with the District by exercising his or her displacement rights and is subsequently recalled to a higher title or tot he title which the employee encumbered prior to the layoff, such employee shall be placed on the step of the existing salary and hourly rate matrix in the category denoted for the tile which is commensurate with his other years of service. Thereafter, the employee shall be provide all pay increases and/or steps which he or she is due. Any pay increases provided herein shall be added to the salary or hourly rate of the affected employee. In addition, a laid off employee who returns to employment with the District shall have all his or her rights and benefits attained prior tot he layoff returned only if they are currently offered to employees currently in the bargaining unit. The recalled employee must abide by the terms of the current Agreement if there have been any changes from the time the employee was separated from employment. An employee who is laid off because of the above displacement procedure shall have the right to displace the employee with the least seniority in the job title he or she encumbers or shall be allowed to use the displacement procedure herein to displace another employee with the least seniority in lower job titles.

3. Recalls shall be in the inverse order of layoff. Any list of former employees who have been laid off will be kept as a recall list for four (4) years. After four (4) years on the recall list, the former employee's name will be stricken. If a former employee refuses recall to a comparable open position, the former employee will be stricken from the recall list.
- D. As used in the above paragraph, continuous length of service includes only those periods when an employee is on the employer's active payroll and those periods when an employee is: (a) absent from, and unable to perform the duties of, his position by reason of a disability resulting from occupational injury or disease; (b) such other periods of service, if any, as the Civil Service Law requires to be treated as part of the employee's continuous service. An employee's seniority will be frozen when on a long term leave of absence.
- E. Subject to the applicable provisions of law, if any, an employee loses seniority only when one or more of the following occurs: (a) he or she resigns (unless he or she is reinstated under applicable provisions of the Civil Service Law); (b) he or she is discharged; (c) he or she retires; (d) he or she refuses a recall.
- F. If two or more employees began work on the same date, their relative seniority shall be determined first by the order of their appointment by the Board of Education. If they were appointed at the same time, then their relative seniority shall be determined by lot.
- G. The provisions of this Article shall only be applicable to employees covered by the Civil Service Law who are not subject to the provisions of Article 5, including Sections 80, 81, 86, and other sections of the New York Civil Service Law and the Rules and Regulations of the Ontario County Civil Service Commission of that Law. In the event of a layoff, all other employees shall be covered by appropriate provisions of the laws of the State of New York and the Rules and Regulations of the Ontario County Civil Service Commission.

ARTICLE XXI

ARTICLE XXIII

The District and the Association acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make proposals with respect to any subject or matter not removed by law from the area of collective negotiations. This Agreement constitutes the agreement between the parties and no verbal statement or other agreement, except an amendment to this Agreement in writing, annexed hereto and specifically designated as an amendment of this Agreement shall supersede the provisions herein contained.
